

**Patents for Inventions.**

C. N. COLLISON,

Licensed under S. A. Patent Laws,  
Foreign Member British Institute of Patent Agents,  
Fellow Australasian Institute of Patent Agents.

A. G. COLLISON,  
Certificated Draughtsman & Mechanical Engineer,  
Associate, Australasian Institute of Patent Agents,  
Licensed Patent Agent.

**Australasian, British & Foreign Patents & Trade Marks Registered.  
Patent and Mechanical Drawings and Specifications Prepared.**

**Searches as to Novelty of Inventions.  
Consultations and Opinions. Oppositions Conducted.**

**I**NVENTORS, having an Invention they wish to Patent should send a model or full description with drawings. It does not matter how rough these are, they will receive an answer without delay as to whether it is probably patentable, and if so, what will be the exact cost of provisional protection or applying for Letters Patent, including Drawings. Absolute secrecy is guaranteed, and no charge is made for this preliminary report.

The Inventor's attendance in Adelaide is not necessary, as the business can generally be done by correspondence, but C. & Co. are, however, always glad to have personal interviews with their friends and clients. Copies of specifications of existing Patents made and forwarded. Inventor's Guide (new edition) posted free on application.

TRADE MARKS registered, whether old or new, in accordance with the Trade Marks Act.
