PREFACE.

THE Publishers have great pleasure in placing before the public the 1897 edition of the POST OFFICE DIRECTORY OF WESTERN AUSTRALIA, and take this opportunity to express their thanks to the business men throughout the Colony for their continued and increased support, also to the various Official Departments for their hearty co-operation and assistance.

Since the last issue of the Directory in 1895, the population of the Colony has been almost doubled, and new Towns and Townships have been formed throughout the Gold Fields. Every place of importance has been visited at great expense by special representatives, and every possible care taken to ensure correctness.

THE TOWNS SECTION contains separate Street Directories of Perth and Fremantle, and Suburbs, and Alphabetical Directories for every other Town and Township, and Postal District in Western Australia.

THE ALPHABETICAL SECTION contains the whole of the names for the entire Colony, arranged under ONE Alphabetical heading.

THE TRADES' DIRECTORY shews the Traders of the Colony, arranged under their individual trade or calling.

These three different classifications enable the enquirer to see at a glance, first, the names of Householders or Traders in any one Town; secondly, the address and occupation of any resident in the Colony; and, thirdly, the number of persons throughout Western Australia engaged in any one trade or calling.

Separate and Complete Directories of Medical, Ecclesiastical, Legal, Educational, Banking, Insurance, Mining, Pastoral and Agricultural, Local Government, Customs and Official, and Postal and Telegraphic, are given, making the work unique in its comprehensiveness, fullness and accuracy.

In conclusion, the Publishers beg to state that in future the work will be issued Annually; this they do at the request of a very large number of their Subscribers, and also as they find it necessary to keep pace with the alterations and additions consequent on the continued influx of population. The next issue will, therefore, be ready in February, 1898.

This 1897 edition will be found to have fully maintained the reputation of the Publishers as successful Colonial Directory Publishers, and in particular the reputation of the Western Australia Post Office Directory.
