H. C. MOTT & CO.,

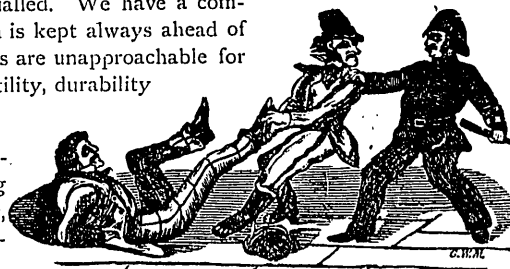

Printers, Publishers
 Bookbinders
 Rubber Stamp Makers
 Brass Plate Engravers
 Law and Bank Stationers

We have absolutely the most modern Plant in Western Australia, both as regards Type and Machinery; and as each meritorious novelty in typography makes its appearance in England and America, we add it to our plants.

Our facilities for publishing books, high-class periodicals and magazines are unequalled. We have a complete Bookbinding Plant, which is kept always ahead of the times. Our Rubber Stamps are unapproachable for excellence, beauty of design, utility, durability and legibility.

Some of our many specialties are the executing of Mining and Commercial Stationery, Mining Prospectuses and Company Scrip.

There are two classes of Printing: the wrong kind (seen everywhere): the right (seen but seldom). WE do the right kind every time.

Our experience, advice, and specimen books are always at the disposal of prospective customers, to whom we give all the assistance that lies in our power.

Our work is always completed within a reasonable time.
