STEEL ROPE WIRE
HOUGHTON'S PATENT
PLOUGH & PATENT

By its extensive use has become established as the
VERY BEST IN THE MARKET.

Made from SUPERIOR CAST STEEL, and
with careful and experienced supervision, it is
specially adapted for

**COLLIERY, PLOUGH, TRAMWAY,
BRIDGE, HAWSEER,**

And other purposes where Great strength
and toughness are required.

It was extensively used in establishing
the reputation of the LANG PATENT ROPE, as
verified by the following TESTIMONIAL:—

W. D. HOUGHTON, Esq., WARRINGTON.
18th July, 1897.

DEAR SIR,
I think that very few in the Wire Rope trade have passed so
much of your Wire through their hands as I have done during
the thirty years I have been connected with Wire Rope making.

I always found your Patent Originable
and Ploughed Wire of the very highest
quality, as proved by the wire rope system of
myself and under my supervision for ascertain-
ing torsion, bending, tensile strength, and
general uniformity.

I remain, yours truly,
JOHN LANG.
