GLASS SCIENTIFIC INSTRUMENTS & TESTING APPARATUS
 For every Trade, Industry and Profession

The Mercurial Barometer

is a very interesting instrument. The rise and fall of the Mercury indicates weather changes. Besides being interesting and useful it is ornamental, and enhances the furnishing of any house. The frame is polished silky oak, and the scales are silvered brass. A necessity to Farmers, Pastoralists & Mariners, and a great acquisition to private residences, schools, and institutions of all kinds.

Mercurial Barometer, Thermometer and Hydrometer combined.

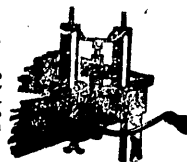

Up-to-Date Hydrometer

For testing the specific gravity of the electrolyte of storage batteries in Motor Cars, &c. The specific gravity of the electrolyte is an indication of the amount of charge in the battery, and will tell if the battery is fully charged or discharged.

For Sugar Mills and Dairy Farms

—All kinds of Testing Appliances.

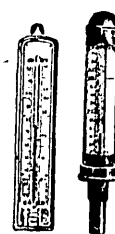

New Model Babcock Testers

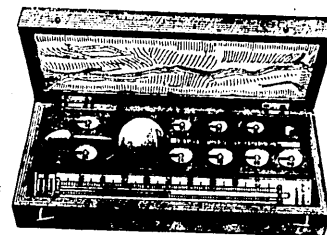

Will tell the Dairyman the correct test of his milk or cream—will tell him if his Separator is skimming clean, and which are his profitable cows.

Thermometers

Thermometers made and repaired for all purposes where the control of temperature is a factor of importance.

Hotel Testing Instruments of all Kinds

Polariscope Tubes, Burettes, Test tubes, Flasks and all other Glass Apparatus for Testing made and repaired.

Special attention given to Repairing, Re-graduating and Adjusting. New Tubes fitted to broken Thermometers.

Cattle Dip, Brine, Yeast, Spirits, Petrol, Acids, Milk, and all liquids.

Glass Standard Spirit Hydrometers

Specially made for Licensed Victuallers' use, with red line at the lowest strength allowed by the Act for Whisky and Brandy, and green line at the lowest strength allowed for Rum and Gin. No knowledge of testing required.

Mercurial Vacuum Gauges for Vacuum Pans made and repaired.

IMPROVED

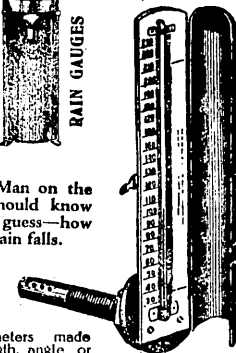

RAIN GAUGES

Every Man on the Land should know—not guess—how much Rain falls.

IMPROVED CLINICAL THERMOMETERS

For indicating the temperature in human beings, birds and beasts. An essential requisite in every home. A rise or depression are sure signs of sickness; and a rise in temperature is the first symptom of redwater or other disease in cattle.

Will tell the Stockowner in three minutes if his beast is sickening for any disease.

Thermometers made any length, angle or range for Sugar Mills.

New tubes fitted to broken Thermometers and guaranteed correct.
