

CHAMBER OF MINES AND ENERGY

In 1895, following the discovery of gold in Coolgardie, local leaseholders and representatives of the area's gold mining companies formed the Coolgardie Chamber of Mines and Commerce to protect and advance their interests. The Kalgoorlie Chamber of Mines was inaugurated the following year, with a Perth Chamber of Mines established in 1897. In 1900, the Kalgoorlie and Coolgardie Chambers were amalgamated to provide a consolidated voice for the flourishing gold mining industry, and the Chamber of Mines of Western Australia was born.

The Chamber has grown with the mining industry, particularly through the boom times of the 1960s when key minerals such as iron ore, bauxite and nickel came on line. As the industry expanded into oil, petroleum and natural gas, so too did the Chamber, leading to its formal renaming as the Chamber of Minerals and Energy of Western Australia Inc (CME).

Source: The Chamber of Minerals and Energy at <http://www.cmewa.com/> Accessed 29 April 2004)

MN 2301 includes records of Chamber of Mines, and Chamber of Minerals & Energy.

MN 2487 includes only Chamber of Mines of Western Australia records

RESTRICTIONS:

ACC 6137A, ACC 6607A: Items 50 years old and less (as at the youngest document within each file or volume) are **RESTRICTED** and permission to access this collection must be obtained, in writing, from the Executive Officer, Chamber of Minerals and Energy, Level 10, 2 Mill Street, Perth. Items over 50 years old are open for research.
