

THE PENGUIN CLUB OF WA (INC.) – SPEAKING MADE EASY

The Penguin Club of Australia was founded in Sydney in 1937 by women for women. The first meeting of the Western Australian Branch was held in Perth on the 8th June 1945. Since then, the club has opened other branches within the metropolitan area and across the state.

The Penguin Club was one of the first organisations to give women the opportunity to develop communication skills, in an era when women were not active in public life. Today, the club's vision is to empower women by giving them the guidance and opportunities to develop the confidence and communication skills needed to hold office in business and community organisations, and to fulfil their personal goals.

Well-known Penguin Club members have included the late Margaret Whitlam, wife of the late former Prime Minister Gough Whitlam; Mary Tenison Woods, first female lawyer and public notary in South Australia; and Gertrude Johnson, Australian coloratura soprano and founder of the National Theatre in Melbourne.

In 2018, the Club rebranded to Speaking Made Easy. As a national organisation, it continues to offer its members guidance and opportunities to develop communication skills and confidence for their educational, employment and community involvement.
