

eConnect

a service that helps people
develop their digital literacy skills

12:00pm–4:00pm Monday–Friday

Located on the ground floor at the State Library of Western Australia, we can show you how to:

- access and navigate government services and websites
- search for jobs and apply for them online
- create and use online accounts, like email or myGov
- become familiar with a digital device and its basic functions
- find trustworthy information online
- use the State Library’s eResources

eConnect aims to guide people to succeed in their own tasks. We are unable to fill in forms, write documents and emails, edit work, or provide advice on personal or legal matters.

email: econnect@slwa.wa.gov.au tel: (08) 9427 3111

 wheelchair accessible

interpreters available on request
